

A preview of RDD® Asia 2018

Jointly organized by RDD Online and Aptar Pharma, RDD® Asia 2018 will be held at the Grand Hyatt Kochi in Kerala, India, November 14-16, 2018.

Presentations and workshops

Experts will address contemporary issues and essential background relating to pMDIs, DPIs, nebulizers, nasal sprays and emerging delivery platforms. Topics will include generic product development, new therapeutic opportunities, progress in drug development, novel *in vivo* and *in vitro* test methods and regulations.

A half-day of interactive workshops will be also presented by companies, featuring their technologies and services.

Posters and technology exhibit

Participants are encouraged to present scientific posters. While RDD seeks work that has not been presented elsewhere, new findings that build on prior presentations are welcome. Poster abstracts will be published in the conference proceedings. The deadline for consideration is July 20, 2018.

Multinational pharmaceutical and local companies will exhibit their technologies and services, supporting mutually beneficial partnering.

When?

November 14-16, 2018

Where?

Kerala, India
