

## Previewing Drug Delivery Partnerships 2019

**D**rug Delivery Partnerships 2019 will be held January 28-30, 2019 at the PGA National Resort & Spa in Palm Beach Gardens, Florida, US.

### Keynotes, panels and presentations

Keynote presentations will address:

- Life cycle management through 25 years;
- Working cohesively;
- The state of the pharmaceutical industry;
- What to expect for healthcare in 2019;
- Drug delivery efficacy—an IT job?;
- Innovation in drug delivery;
- AI and big data.

Two panels will discuss “Marry to market: Making the most of partnerships” and “Creating value in your patient centric platform.” In addition, day one will feature con-

current presentation tracks on drug delivery technologies; and on patient-centric design and development principles. On day two, the concurrent tracks will be formulations and case studies on drug delivery partnerships.

### 20+ partneringOne® hours

The partneringOne® system will offer more than 20 hours for participants to schedule meetings with prospective partners and customers. The conference will also feature scientific posters and a technology exhibition.
