

Previewing the Inhalation & Respiratory Drug Delivery USA Congress

The 2nd Annual Inhalation & Respiratory Drug Delivery USA Congress will be held in San Diego, CA, US, March 18-19, 2019. The event will be co-located with the 2nd Annual Formulation & Drug Delivery USA Congress.

Content will be presented in two interactive streams: Development and Formulation of Inhaled Therapies; and Inhalation Devices: Product Design and Alternative Therapeutic Fields.

On Day 1, presentation topics will include modeling and simulation, controlling aerosol response, characterizing aerosol dynamics, delivery challenges, alternative therapeutic areas including inhaled vaccines, inhaled cardio, inhaled gene therapy and inhaled antibiotics.

Topics on day 2 will include novel pulmonary and nasal technologies, innovative device development, connective health, improving adherence, digital combination products, bringing products to market, regulatory pathways, manufacturing and nanocarrier therapies.

The conference will also include posters and a technology exhibition.

When?

March 18-19, 2019

Where?

San Diego, CA, US
