

# Previewing the Inhalation & Respiratory Drug Delivery USA Congress

The 3rd Annual Inhalation & Respiratory Drug Delivery USA Congress will be held in San Diego, California, US, March 17-18, 2020. The event will be co-located with the 3rd Annual Formulation & Drug Delivery USA Congress.

Content will be presented in two streams: Development & formulation of inhaled therapies and Inhalation devices & combination products.

## Presentation topics

On Day 1, presentation topics will include aerosol science, innovations in dry powder inhaler (DPI) and nebulized therapy formulations, future trends in generics, nanocarrier therapies for pulmonary delivery, innovative formulation of therapies for chronic obstructive pulmonary disease (COPD), asthma and cystic fibrosis, and case studies on alternative therapeutic areas.

Topics on Day 2 will include novel technologies for pulmonary and nasal delivery, challenges of bringing inhalation and respiratory drug delivery products to the market, innovative development of inhalation devices, and connective health.

The second day will close with a focus session on inhalation delivery and deposition. The conference will also include posters and an exhibition.
