A preview of Respiratory Drug Delivery (RDD®) 2020

Respiratory Drug Delivery (RDD®) 2020 will take place April 26-30 and be immediately followed by a symposium jointly presented by RDD and the International Pharmaceutical Aerosol Consortium on Regulation & Science (IPAC-RS).

Session topics

RDD presentation topics will be: Advances in difficult-to-treat pulmonary infections, Airway remodeling or renovation? New DPI theory and practice, Clinically relevant testing in NDA and lifecycle submissions, Evaluating nasal drugs: improving topical and nose-to-brain delivery, Reducing our carbon footprint, and Impact of new technology & regulation on inhaler design, development & product lifecycle. Platinum sponsors will host 30-minute presentations on new technologies and participants may attend two of the sessions.

Highlights and awards

The Charles G. Thiel Award for outstanding research and discovery in respiratory drug delivery and the VCU RDD Peter R. Byron Graduate Student Award will be presented. The conference will also include scientific posters and posters on the podium, a technology exhibition and a gala dinner on Wednesday, April 29.

When?

April 26-30, 2020

Where?

Palm Desert, California, US
